

# Clinical Mass Spectrometry Imaging

Friday, September 29, 2017  
09:00, Lecture Room 2, LUMC

The CPM (Center for Proteomics and Metabolomics) is one of the Technology Focus Areas within the LUMC. This mini-symposium on Clinical Mass Spectrometry Imaging will give you the opportunity to learn more about the application of this cutting edge technology in clinical research.

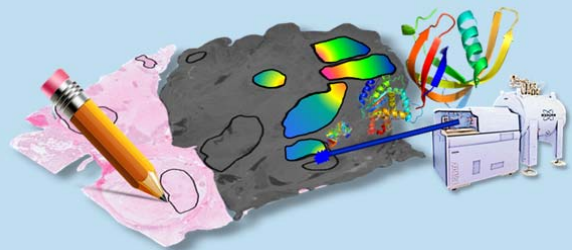

The program will include keynote lectures by outstanding experts in the field, as well as by young promising researchers.

Prof. dr. Richard Drake	Medical University of South Carolina, Charleston, SC, USA
dr. Isabella Piga	Università degli Studi di Milano-Bicocca, Milan, Italy
dr. Walid Abdelmoula	Division of Image Processing, LUMC, Leiden, Netherlands
Arun Everest-Dass	Griffith University, Brisbane, Australia
Bram Heijs	Center for Proteomics & Metabolomics, LUMC, Leiden, Netherlands

The symposium will be followed by lunch in “Het Paleijhs” (in front of the lecture room), to offer an informal opportunity to make acquaintance with the people behind the science.

To be kept up to date with the program and lunch with our speakers, please [register HERE](#).
