

Mutanome analysis

finding neopeptides in cancer

Tuesday, January 23, 2018 ---14.00-17.00
Room 1A-20 FSW building, Leiden University

This mini-symposium on mutanome analysis organized by the CPM (Center for Proteomics and Metabolomics) and the Depts. Clinical Oncology and Pathology will give you the opportunity to learn about state-of-the-art strategies for finding neopeptides for immunotherapy of cancer.

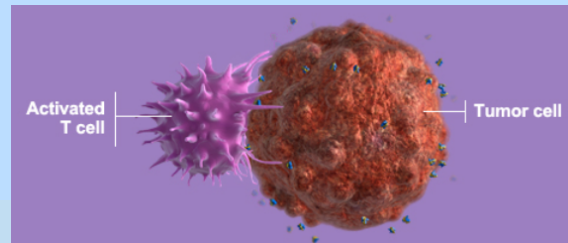

The keynote lecture will be given by Dr. Michal Bassani at 16.00
Dept. of Oncology University, Ludwig Institute for Cancer Research, Lausanne

- | | |
|-----------------------|-----------------------------------------------------------------|
| dr. Peter van Veelen | Center for Proteomics & Metabolomics, LUMC, Leiden, Netherlands |
| dr. Noel de Miranda | Dept. of Pathology, LUMC, Leiden, Netherlands |
| dr. Marieke Griffioen | Dept. of Hematology, LUMC, Leiden, Netherlands |
| dr. Els Verdegaal | Dept. of Oncology, LUMC, Leiden, The Netherlands |
| dr. Michal Bassani | Dept. of Oncology, Ludwig Institute Lausanne, Switzerland |

The symposium will be followed by drinks (in front of the lecture room), to offer an informal opportunity to make acquaintance with the people behind the science.
